Planet Vindor, Quadrant 7, George Gobel Void (YU) – After weeks of denying he ever set foot in a coin-operated laundromat, United States (Earth, Milky Way Galaxy) President Donald Trump admitted today to staying overnight in a mosque in the rebel city of Quanz near the Valerian time/space continuum. Trump made the startling admission in an early morning tweet in which he said he had mistaken a Friday prayer service for the Miss Unisex Pageant.

Trump also claimed that deceased actor James Cagney, who is currently starring in a revival of "Yankee Doodle Dandy" at the Jilly Rizzo Dinner Theatre in Branson, Missouri VI, a sister city in the Pia Lindstrom Constellation, was never once on "top of the world" as Cagney has repeatedly claimed in endless reruns.

Trump, who recently accepted the title of *Der Gropenführer* at a luncheon in his honor at Our Lady of Peace Home for Unwed Altar Boys in the Omega 3 Galaxy, has argued that Cagney is a leaker, a liar and a nut case. "He is a weak and untruthful slime ball who was, as time has proven, a terrible actor and an even more terrible dancer."

In a related story, Trump went out of his way to praise the hair style choice of former New York Yankees owner George Steinbrenner and hinted at the possibility of a full pardon. Rudy Giuliani, a trusted gatekeeper of the underworld and a permanent resident of Dante's Third Circle, has assured Trump that he will personally raise Steinbrenner from the dead in two weeks.
